CLERKOFCOURSE

WELCOME

- The goal of any competition volunteer or official is to contribute to a fair, safe and positive competitive environment
- The goal of this clinic is to:

 - 1. Continue to develop a foundation for your skills as a swimming official 2. Provide you with an enhanced understanding of the rules of the Clerk of Course
 - 3. Develop and understand for the role and key duties of the Clerk of Course

PREFERRED PREREQUISITES

- A general interest in the sport of swimming
- An interest in the fair conduct of sport
- ullet

Practical experience as a timekeeper across a range of competitive levels

THE PROFICIENT SWIMMING OFFICIAL

The proficient swimming official is a judge of the competition, not the rules.

- The swimming rules must be followed. The official who has standards that differ from those set down in the rulebook may leave themselves open to having their decisions challenged by coaches and the referee.
- Following the rules puts a stake in the ground that tells everyone concerned with the competition that the decisions will be made in a fair and equitable manner against a known standard.
- The official's job is to uphold the rules by applying them equitably and communicating their interpretation effectively

THE PROFICIENT SWIMMING OFFICIAL (cont'd)

- As an official, an individual must operate from a strong base. That base is with the rules.
- to be arbitrary.
- While the rules of swimming are clear, their application may differ slightly based on the level of competition.

made up of two factors – one is the authority of the rulebook and the other is the basic philosophy that the officials conduct the competition in accordance

• Each time a rule and the purpose of that rule are explained, the rule becomes easier to accept. Rather than hiding behind the statement "It's the rule", an official should explain why there was a violation so the official does not appear

QUALITIES OF THE CLERK OF COURSE

- <u>Attention to detail</u>: to avoid mistakes and complete all tasks in allotted time under a certain amount of pressure (sometimes).
- <u>Courteous</u>: to work with a variety of people as a team and communicate effectively. Often the first contact at a competition for the coaches.
- Exact: to transfer appropriate and correct information.
- <u>Efficient</u>: to delegate tasks appropriately and avoid duplication of work.
- <u>Methodical</u>: to avoid omissions.
- Patient: to maintain a semblance of calm.

CLERKOFCOURSE

OVERVIEW FOR THE ROLE OF CLERK OF COURSE

- there are empty lanes.

- Be organized and consistent in the information provided to coaches, swimmers and support staff.
- Many of the job functions of the Clerk of Course are completed through Meet Management software such as Hy-tek or Splash therefore not all responsibilities are manual in nature.

ROLE OF THE CLERK OF COURSE DURING THE WARM-UP PERIOD

- You may be greeting the coaches and receiving scratch forms, giving them heat sheets and relay sheets, if applicable. You may also collect the team entry fees.
- This is your opportunity, as Clerk of Course, to remind coaches of these important items:
 - $_{\rm O}$ scratch deadlines for the session when applicable.
 - $_{\rm o}$ scratch deadlines for finals when applicable.
 - deadlines to submit relay names when applicable.
 - deadlines for positive check-ins when applicable.

POSITIVE CHECK-IN IN ACTION

- The positive check-in is used to assure swimmers are present for an event. The penalty for not confirming one's presence by the deadline is stated in the meet information and/or technical bulletin.
- The positive check-in is used for longer distance events and finals.
- The positive check-in allows us to confirm that all finalists are present and we will most likely not need to call an alternate. It is also extremely useful when running B finals prior to A finals.
- Generally the session heat sheet, check-in sheet or event entries are posted on the Clerk of Course table where swimmer and/or coach are asked to initial or check that the swimmer is intending to swim.

- Combining heats:
 - The Clerk of Course may be asked by the referee to combine heats should there be sufficient numbers of scratches.
 - Combining heats can be risky and not necessarily save the expected time if all affected swimmers are not properly informed.
 - o Generally events of 100m or less are not subjected to combining heats as the delays often outweigh the benefits.
 - Be certain appropriate officials are informed of all changes to the program. (referee, starter, timers, electronics, meet office)

ACTION REQUIRED

- Updated heat sheets:
 - Prior to the start of the competition it is important to allow time to update heat sheets for distribution to the referee(s), starter(s), electronics, chief finish judge and meet office.
 - The Clerk of Course or meet office will print an updated heat sheet with scratches and deck entries being careful not to re-seed the competition.
 - Be certain that any updates which affect swimmers are posted clearly and that timers are aware of changes not to turn swimmers away from their lanes.

SW 10 RELAYS

<u>SW 10.10</u> There shall be four swimmers on each relay team. Mixed relays may be swum. Mixed Relays must consist of two (2) Men and two (2) Women. Split times achieved in these events cannot be used for records and/or entry purposes.

<u>**CSW 10.10.1**</u> Members of a relay team shall be registered with their PS and members of the same club.

RELAYS (continued)

<u>SW 10.13</u> The members of a relay team and their order of competing must be nominated before the race. Any relay team member may compete in a race only once. The composition of a relay team may be changed between the heats and finals of an event, provided that it is made up from the list of swimmers properly entered by a Member for that event. Failure to swim in the order listed will result in disgualification. Substitutions may be made only in the case of a documented medical emergency.

<u>CSW 10.13.1</u> Unattached swimmers shall not participate in relay events. A swimmer shall compete as a member of only one relay team per event. The members of a relay team and their order of competing must be listed before the last scratch deadline.

CSW 10.13.2 The offending swimmer(s) of a relay team disqualified in heats shall not be used as a member(s) of a relay team in the final of the same event.

RELAYS IN ACTION

- Age group relays:
 - o There may be a limit to the number of relays a swimmer may swim per session. A maximum of two swimmers may come from younger age groups to complete
 - a relay
- Mixed relays: •
 - o 2 males and 2 females per relay team. There are no official splits for the first swimmer.

RELAYS IN ACTION

- Relay information:

 - heat sheets.

• When required provide relay names received to the meet office so heat sheets with relay names can be printed and distributed prior to the events. Referee, starter, stroke and turn judges, timers and chief timers should all receive the relay names. Heat sheets with relay names should be posted.

Verify that all relay sheets have been received prior to printing the final relay

SEEDING of HEATS

SW 3.1.2 Except for 50 metre events in 50 metre pools, assignment of lanes shall be number 1 lane being on the right side of the pool (0 when using pools with 10 lanes) when facing the course from the starting end by placing the fastest swimmer or team in the center lane in a pool with an odd number of lanes, or in lane 3 or 4 respectively in pools having 6 or 8 lanes. In pools using 10 lanes the fastest swimmer shall be placed in lane 4. The swimmer having the next fastest time is to be placed on his left, then alternating the others to right and left in accordance with the submitted times. <u>SW 3.1.3</u> When 50 metre events are contested in 50 metre pools, the races may be swum, at the discretion of the Management Committee, either from the regular starting end to the turning end or from the turning end to the starting end, depending upon such factors as existence of adequate Automatic Equipment, starter's position, etc. The Management Committee should advise swimmers of their determination well before the start of the competition. Regardless of which way the race is swum, the swimmers shall be seeded in the same lanes in which they would be seeded if they were both starting and finishing at the starting end.

SEEDING of SEMI-FINALS and FINALS

SW 3.2.3 In the event that swimmers from the same or different heats have equal times registered to 1/100 second for either the eighth/tenth place or sixteenth/ twentieth place depending on the use of 8 or 10 lanes, there shall be swim-off to determine which swimmer shall advance to the appropriate finals. Such swim-off shall take place after all involved swimmers have completed their heats at a time agreed between the event management and the parties involved. Another swimoff shall take place if equal times are registered again. If required, a swim-off will take place to determine 1st and 2nd reserve if equal times are recorded.
