Book your VRA's onsite with Ken Olson or in advance at www.racetek.ca

- **Race Plan Models** – A Race Plan is modeled after the best swimmers in the World but scaled-down to fit the goal time and size of swimmer (height/arm-span). It's the first step in the RaceTek Data Model System and works in combination with CompTrak. Book individual or group Race Plans online at www.racetek.ca
 - **Pricing: \$25.00 per Race Plan (volume pricing available).**
- **CompTrak Models** – take the raw VRA data from a key performance and summarizes that data and is compared to other performances such as World Record Data, World Average Data and the swimmer's own Race Plan Data. CompTrak allows us to track the details of a swimmer's race metrics (Starts, Turns, Finishes, Splits, DPS, SR & SC) in any specific event over this season and subsequent seasons. CompTrak requires the video & data from a VRA for each entry.
 - **Pricing: \$25.00 for initial event set-up & \$9.00 per model entry.**
 - CompTrak set-up includes a free Race Plan Model.
 - Volume pricing available.
